## **Phil and The Brothers of Haz Mat 1 and 288 Eng.,**

**I send my deepest sympathy and condolences Brothers, as I also grieve heavily with you all. I can't begin to imagine the pain and grief you feel, during these darkest of days.**

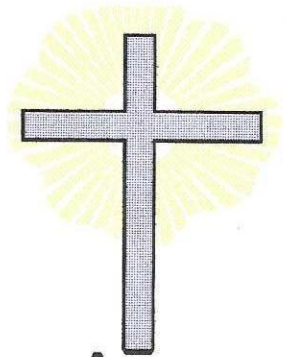

**I know many of the FDNY Brothers through working at the OKC Bombing, USAR classes, teaching at the NFA, as well as riding along with many FDNY companies during some 40 weekends over the last 12 years.**

**You all are in my deepest thoughts and prayers. I pray that God will reward you fully for the pain and suffering you will undoubtedly carry with you for the rest of your lives from this horrific Job. God be with you all during this time of great struggle and loss.**
