SHORT TERM FORECAST FOR DISASTER SERVICES
NATIONAL WEATHER SERVICE OKLAHOMA CITY OK
300 PM CDT SAT APR 22 1995

OKZ025-222100-

FORECAST THROUGH 2100 CDT SATURDAY... RAIN WITH EMBEDDED THUNDERSTORMS WILL CONTINUE THROUGH THE LATE AFTERNOON AND EARLY EVENING. THE STRONGER STORMS COULD PRODUCE SMALL HAIL...AND HEAVY RAIN...AND OCCASIONAL LIGHTNING STRIKES. ADDITIONAL RAINFALL COULD TOTAL 3/4 TO 1 INCH BY 2100 CDT. A FEW TEMPORARY BREAKS IN THE PRECIPITATION WILL BE POSSIBLE IN THE LATTER PART OF THE AFTERNOON...AFTER ABOUT 1700 CDT. TEMPERATURES WILL REMAIN NEARLY STEADY FROM 42 TO 47 DEGREES THROUGH SUNSET (2008 CDT). WINDS WILL BE FROM THE NORTHEAST AT 10 TO 20 MPH...WITH A FEW GUSTS TO NEAR 30 MPH... ESPECIALLY IN AND AROUND THUNDERSTORMS. THE WIND CHILL INDEX WILL AVERAGE IN THE MID 20S TO NEAR 30 THROUGH 2100 CDT.

FORECAST FOR 2100 CDT SATURDAY THROUGH 0300 CDT SUNDAY...OCCASIONAL RAIN... WITH A FEW EMBEDDED THUNDERSTORMS WILL CONTINUE. TEMPERATURES WILL FALL SLOWLY INTO THE LOWER 40S BY 0300 CDT. WINDS WILL BE NORTHEAST AT 14 TO 18 MPH WITH OCCASIONAL GUSTS TO NEAR 25 MPH.

AN UPPER AIR LOW PRESSURE TROUGH OVER NEW MEXICO WILL CONTINUE MOVING EAST TOWARDS OKLAHOMA THROUGH TONIGHT... MAINTAINING THE CHANCE FOR PRECIPITATION. RAIN WILL TAPER OFF SUNDAY AS THE TROUGH PASSES BY.

FEMA US&R Medical Teams
IST MEDICAL INFORMATION
4/22/95 1800

IST medical support has obtained a cellular phone # 833-8047 which may be used to access any necessary services or assistance. Task Force medical teams should use this number to notify IST medical of any TF injuries/illnesses, medication or equipment needs or other problems.

A limited list of emergency medical numbers are listed on the right wall at FEMA IST if medical support is not immediately available.

Washington FEMA offices requested updates on injured Task Force members.

LOCAL SITE PUBLIC HEALTH ISSUES.

Continued rain has increased risks of electrical injury due to portable electrical generators and extension cord connections. Heat loss is increased by wet clothes and socks. Safety warnings have been added to the previous list and will be distributed to Task Force leaders and medical personnel.

Coffee may accelerate fluid loss and dehydration and Task Force members are warned to continue drinking juice and water when engaged in heavy work.

Unbagged meals and food containers potentially may create a rat/mouse problem. Oklahoma City is providing garbage removal with the rubble removal but TF members should make every attempt to bag all waste food and containers to minimize the rodent risk.

The State Public Health Commissioner is enroute to the scene and will be providing a preventative medicine team. It is anticipated that food will be restricted from the site to eliminate the developing public health hazard.

Impervious coverings for boots, coveralls and gloves should be worn by all personnel operating around bodies.

Issues regarding disarticulation of corpse limbs to facilitate removal at a crime scene arose. Chief Shannon OCFD and his troops are primarily responsible and have permission from the Oklahoma City Medical Examiner to disarticulate corpses, removing remains with a description of location and situation attached. FEMA Teams have requested involvement with any body disarticulation for filming and future training purposes. This is currently being discussed through Chief Shannon OCFD, Chief Downey FEMA IST, Dr. Joe Barbera and Dr. Scott Bjerke, FEMA IST.
